Summer Series #4

With Brit Williams

Mum to be, personal
trainer, Sweaty
Betty ambassador,
founder of the Fit Brit
Collective, and one
of the fiercest yet
friendliest trainers on
the London fitness
circuit on how she
gets her energy boosts
between workouts.

“Summer’s extra long hours provide a great opportunity to be active and get outdoors more.

As a personal trainer, I rise with the sun in the early mornings and can be on the go until sunset. Energy boosts and little pick-me-ups from Neom ensure I am ready for anything!”

Energy Burst

BODY & HAND WASH

“Showers between teaching classes or training clients have to be super quick, so I make the most of the downtime with the zesty Energy Burst body wash. Nothing says ‘Go!’ like grapefruit and lemon.”

Happiness

1 WICK CANDLE

“ On days I don't have time to hit the gym, I try to fit in a home yoga practice. A vinyasa flow is not complete without my Happiness Scented Candle. Savasana has never felt, well, happier! ”

Real Luxury

REED DIFFUSER

“ Bedtime routines are really important to me - especially as I'm almost 4 months pregnant and I need all the rest I can get. Having a signature scent by the bedside, like Neom's calming lavender and jasmine De-Stress Fragrance, tells my brain to switch off.”
